The documents comprising that application include a copy of the International Search Report (ISR) issued by ISA/US. In view of the content of MPEP 1893.03(g), applicant understands that in its consideration of this national stage application the Office will consider each of the references identified in the ISR, and that applicants need not (and preferably, in consideration of the size of the Office's file of the national stage application, should not) file copies of those references to the office. However, applicants can and will promptly provide copies of those references on request by the Office.

Applicant also notes 37 CFR § 1.98(c), the provision of which are met because the international stage application complies with subparagraph (1) thereof and the enclosed ISR is the full equivalent of an IDS complying with subparagraph (2) thereof.
